Shri Atal Bihari Vajpayee College

06/2020 - 06/2023

Indore

WORK EXPERIENCE

Front-end Developer

Gcloth is Hyper-Local Fashion E-commerce Platform, With in-house delivery.

Basically Doordash for fashion Planned, Architect-ed, and developed the entire Front end of our E-commerce platform from scratch, without any supervision or guidance. Consulted the founders on both Technical and Non-Technical aspects of the business.

Worked with the back end developer to design features, and systems in sync with the market demand.

Rapidly shipped new features, with the feedback from customers, vendors, and the founder.

Collaborated with founders, made a sales pitch and successfully partnered with 5 shops myself. Wore many hats, took customer support calls, resolved partner's issues, delivered a few products. Contact : Priyanshu Singh - +91 9685100340
